

# ROMANS MEMORY PROJECT

Here is the memory verse challenge for our upcoming study on the book of Romans. You have a choice of committing to memory either the following assigned passages in each of the 16 chapters, or memorize the entire chapter of Romans 8 and/or the passages included in the "Romans Road". The big idea is to learn the major themes in each of the 16 chapters and maintain the memory verses as important pegs on which to hang the key concepts and themes. Our goal is to learn to think Biblically regarding the world in which we live, ourselves in how we relate to God and evil and how we are therefore to relate to the people in our world.
